**Title of the motion,  
amendment, nomination**

**2019 REPORT**

The growth of the fleet during 2019 remained constant but within parameters conditioned by the economic situation and by the presence of other competing one-design Classes.

At the end of the season the Italian fleet collected no. 26 boats and we believe reasonable to reach no. 30 boats next year.

The main activity of the Class has been focused on the Melges24Tour series which in 2019 contained no. 5 events including the World Championship in Sardinia.

Participation in terms of boats and nations remained constant compared to 2018:

Boats in the series no. 79

Nations in the series no. 19

Italy remains the ideal venue where to race for all European competitors thanks to a experienced organization of the events, to the beautiful locations and to what the territory around offers to competitors and families.
