Class Report 2020

The total number of active boats in Denmark in 2020 are 14. We still see crews are prioritizing the J70 class with possibility of winning the champions league. The boats are based around 70/30 in Copenhagen and the mainland.

The Danish National championship was cancelled like the rest of our season.

However we have held one regatta instead of the national championship. In this regatta only 6 boats were participating. We could not allow anymore due to restriction on how many people who could gather due to covid 19

Until now we have planned to sail in Middelfart two weekends in april. But until we know how covid will continue we will not announce or make any public announcements

Søren Blume from Team DEN 426 is chairman of the Danish class.
