Slovenian Melges 24 Class Association report 2020

Statistics:

- 2 x full members
- 1 x associate membership

Review of 2020:

- Together with Yacht Club Marina Portoroz, was in September organized European sailing series 2020 event. 14 boats were competing, 5 different nations, 2 of them from our class.
- 2 boats were active throughout the season, both of them were competing, unfortunately not at all ESS events - Corona mixed some plans.

Future plans:

New (old) boat was bought, so there will be three Slovenian crews next year. We all hope that health situation will be better and our boats could be more active at ESS next year. The active Slovenian Melges 24 crews are looking forward to next 2021 year when Melges 24 European Championship will be held in Portoroz-Slovenia. We and the organizer – Yacht Club Marina Portorož are already doing everything to prepare the Championship. Knowing well the Organizer we have no doubt that organization will be at the highest level.
