	Class Rules		Technical Issues
X	Regatta Regulations		General Policies
	Nomination		

**Objective of Change:** Many venues do not have the space to provide several offices or separate associated equipment and therefore office functions need to be able to be combined; Press now usually complete their work at their hotel or other place rather than the venue.

Changes:

From A11, Race Office, A16, Regatta Secretariat Office, A18, Press Office: Add: This office and the equipment therein can be shared or combined with other offices with the exception of the Jury Room.

From B3: The Race Office shall be manned from 8 am until the end of the day's protest period. ~~press has finished the day's work to ensure that information is available. It suggested having a separate access/entry to the press office due to late working hours.~~
