

Gentofte 27. October 2021

Class Report 2021

The total number of active boats in Denmark in 2021 are 13. We still see crews are prioritizing the J70 class with possibility of winning the champions league. The boats are based around 60/40 in Copenhagen and the mainland.

The Danish National championship was held in Sundby from the 8.th - 10.th oct. Winner of the Danish National was 840 2.nd 761 3.rd 409

During the season we have only had one regatta/training due to the corona restrictions, in this event 6 boats were participation. 2 boats have participated in the European championship and 1 boat in the Trieste regatta.

Initial planning of the year 2022 have been made together with the Norweigian and Swedish national class, with a Swedish and Nordic championship being planned in Marstrand 10-12 of June 2022. We are trying to plan a circuit where it is possible to sail in nearby destinations to attract most boats.

The next Danish championship has not yet been agreed on however we are trying to plan it early august.

Due to the corona, we have changed the board to be only 3 to make it easier to make fast decision and then made workgroups to focusing on improving our class.

Søren Blume from Team DEN 799 is chairman of the Danish class.

Other board members include:

Torben Mouritzen, DEN-701

Joachim Dichmann, DEN-409

Supplement for the board is Nicklaus DeWitt Fordham, DEN-799
