## **Slovenian Melges 24 Class Association report 2021**

### Statistics:

- 1 x full member
- 4 boats in Slovenia

### Review of 2021:

- Together with Yacht Club Marina Portorož, was in September organized European Championship 2021. 40 boats, from 14 different nations were competing.

After a hard process of negotiating, Yacht Club Marina Portoroz succeed to find a common language with the new management of Marina Portoroz and organize the European Championship.

The Club and we are satisfied and proud, that despite all the difficulties, we managed to hold the championship at a very high level.

11 of the 12 planned regattas were held and plenty of smiles on faces is the reward for us. And finally, Marina Portoroz said "we want more of events like this". So, the venue is again ready for us, in the future!

- 2 Slovenian boats competed at event in Portorož, 1 boat competed on few other events.

### Future plans:

In 2021 Corona was still obstacle. We all hope that situation will be better and our boats could be more active at ESS and other events next year.
