## **Class Report 2022**

The total number of active boats in Denmark in 2022 are 14. We have seen a growing interest for our national class and more are asking for boats, we expect a growth in 2023. The boats are based around 60/40 in Copenhagen and the mainland.

The Danish National championship was held in Middelfart from the 12.th - 14.th oct. Winner of the Danish National was 828 2.nd 840 3.rd 271

During the season we have had three regatta/trainings, in these events up to 10 boats have been participated. 1 boat have participated in the European championship and 1 boat in the Trieste regatta.

Initial planning of the year 2023 have been put together with the Norwegian and Swedish national class, with a Nordic championship being planned in Kristiansand together with the Norwegian championship 25.-27 of August 2023. We are trying to plan a circuit where it is possible to sail in nearby destinations to attract most boats.

The next Danish championship has been agreed to be hold in Brejning 15.-17. of September 2023.

We are trying to put a winter training program together and if possible attract boats from both Norway, Sweden and Germany.

Søren Blume from Team DEN 799 is chairman of the Danish class.
