

## German Melges 24 Class Association

### Annual Report 2022

The number of members has remained stable despite the global crises. Most of the fleet (except for three boats) is based in the south.

A total of ten boats took part in the European Sailing Series, that is two thirds of the members, which is very pleasing.

Ballyhoo Reloaded (GER 327) won the German Open.

We are very proud that we have a very young and committed team from Berlin (GER503 working girl).

With Nefeli (GER 859/673) and white room (GER 677) we have two boats that regularly achieve very good results. Nefeli sails to the one in the US. In the European series we have two boats in the top ten.

We hope to increase our membership in 2023.
