

Hungarian Melges 24 Class Association report

In 2022 Hungarian Melges Class counted 7 active teams.

Unfortunately only one Hungarian boat competed at ESS events.

We had 3 regattas called one design trophies at Lake Balaton to promote the class locally. Each regatta was organized by different sailing clubs along the lake.

The Hungarian National Championship was held in Balatonfüred from 11 to 14 August, four days with 10 races.

Besides the fleet racing the cruising competitions became popular across the Hungarian Melges 24 boats in 2022.

We really hope that after these challenging years, the fleet will show interest in racing for the upcoming season. We are planning to organize clinics, training programs locally.

We still think that Melges 24 is the best one design sportboat in the world, and believe that the ESS series can help to promote the class across Europe and stabilize the number of European fleet.

Hungarian Class Association is always open to play host to any international regattas.
