Swiss National Class Report 2022

For 2022 the **Swiss Melges 24 Class Association SMCA** still based on rather weak membership figures. In the national class, there are actually only three Swiss boats sailing on international level and with full memberships to IMCA. The Swiss class is then also completed by a boat flying the Singapore flag. Its owner and crew live and sail on Lake Geneva in Switzerland and will therefore be integrated into the national class.

All four boats from Switzerland have partly participated in the 2022 European Sailing Series. Two teams (SUI / SGP) also took part in the European Championship in Genoa Italy.

There are still around 10 Boats registered in Switzerland but most of them are not interested to race on higher levels. We will continue to convince these teams to take part also in international events as well.

Unfortunately, no international events are planned in Switzerland or even close venues. That is why the national class association has not been able to announce an official Swiss championship this year.

Switzerland, November 14nd, 2022
