**Saturday, 11 November 2023**

**Melges 24 Class Rule Change Proposal**

**Name and Surname**

International Melges 24 Class Association

**Position in Nominating Body**

Technical Committee

**Email**

**Title of the motion,  
amendment, nomination**

INTRODUCTION

**Topics concerned**

	Constitution		Events
x	Class Rules		Technical Issues
	Regatta Regulations		General Policies
	Nomination		

**Current Rule:**

*As written on page 3 of the International Melges 24 Class Rules 2023*

**Proposed New Rule:**

*International Melges 24s have a declared maximum capacity of 6 people with a combined total weight of passengers and baggage of 540kg as set forth by the manufacturer. These are strict limits that are not to be exceeded.*

*(To be added between paragraphs 7 and 8).*

**Reason:**

*New boats are required to have Capacity Plates installed. Older boats may not have this installed but these limits are still applicable and are used to control maximum crew weight not otherwise defined in the class rules.*
