2025. Class Report

Membership

Croatian Melges 24 Class Association (CROM24) is the youngest and smallest National Class Association in the IM24CA. CROM24 managed to maintain active boats above 20. The total number of active boats was 21.

Results

The World Championship in Trieste saw a record number of 8 boats taking part, with 2 withdrawals at the last moment. This time, there are no medals for our teams, but we are very happy with the participation.

Events

CROM24 Cup is still our best product; this year, we managed to attract a couple of young teams (U24) to join. Our plan for the 2026 season is to continue with our CROM24 Cup, with 6 events scheduled in the racing calendar, with two events as part of ESS.

Future

Our main objective for the future is to host the World Championship at the first available opportunity. Additionally, we are working on different models to give more opportunities for young sailors to join the class as part of the CROM24 Cup.

Luka Sangulin
